**Title :** Interesting Things in My Apartment

**Date :** 7/7

Everyone's apartment has something interesting. There are two things that make my apartment special.

The most special thing about my apartment is a fountain. There are some fountains in my apartment. In the summer, some children play in the fountain. But the water comes out from the fountain only in summer. Also, my apartment has a mini market. It is held outside, and people usually sell food. It is held in the middle of the apartment. On Monday, I usually buy some snacks when I come home from school. However, this market <sup>is</sup> only held on monday. But I do not care about that.

I hope one day you move to my apartment and live here, so that you can experience my apartment.
